Forty 1 North
Forty 1 North
Newport, Rhode Island

Special attention was paid to eco-conscious design of this Newport [hotel](#), which features sustainably-sourced wood and floor-to-ceiling south and west-facing windows, which reduce the need for artificial light during the day. Concrete walkways and plazas are mixed with recycled glass and shells, which cut down on the use of new concrete. To conserve paper, each guest room contains an iPad, which features a directory services, menus and maps.
